Short Story
ARIEL Co-ordinator

With the abandonment of the traditional English curriculum (i.e., English 3-4, 5-6, 7-8) this year, the English Department initiated an entirely new approach on the semester basis. Saint Land's English Department offered many excellent courses in Beginning, Intermediate, and Advanced Language and Composition; American, English, and World Literature; Mythology; The Novel; and The Short Story; as well as the usual Speech, Creative Writing, Journalism, and reading courses.

The creative writing class, sponsored by Mr. Melvin Garrison, published the annual Saint literary magazine, *Leaves in the Wind,* while the Journalism class, directed by Miss Dorothy Augustine, brought forth our bi-weekly newspaper, the *Generator.*

Taught by Mrs. Buss, the drama classes learned both individual and group acting including vocal and physical expression. Second semester each class put on a one-act play where they learned costume and set design and the history of the theater. Mrs. Buss also directed the Winter, Spring, and Musical plays.

Directed by Mr. Truman Risa, the English Department has become an excellent source of scholarship.

The library is continually looking for means to improve the presentation of a great host of material to the students of S.A.H.S. Under the direction of Mr. Rulon D. Pincock, our new librarian, and aided by Mrs. Alice Rios and many students enrolled in Library Science, the library has greatly expanded to 12,000 volumes, numerous paperbacks, 175 tapes and recordings, extensive references and pamphlets, and 130 different magazines.

With the encouragement of Mr. Pincock, many new volumes have been ordered. The library is now open two nights a week to provide students with the opportunity to improve their study habits.

Four years of studies in French, German, Latin, and Spanish were offered to students this year. Courses offered emphasized basic grammar and vocabulary. The culture, literature, and customs of the countries of the various languages were also included in course of studies giving the student a well rounded understanding of the language.

The French, Spanish, and Latin clubs merged this year to form a more active and responsive club. One president was elected to preside over all, and three vice-presidents were elected to manage the three languages.

Social Science

This year the Social Science Department instructed students in the required subjects of Modern Geography or World History, U.S. History, and American Government. Also offered for the first time were four courses on an elective basis. They were Man and His Great Ideas—which emphasized man's great ideas in western civilization; Sociology—which dealt with the study of individuals, social groups, and social change in contemporary America; International Relations—which provided a perspective for understanding and evaluating the causes and effects of international relationships; and World Affairs—which explored current world events of importance, interest, and concern. These courses proved interesting and very stimulating to those involved.

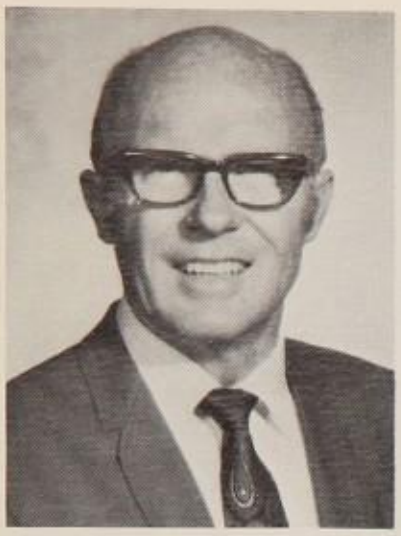
Music and Art



Harlan Anderson
Music Department Chairman
Debs and Esquires

The Music Department, Mr. Harlan Anderson, Chairman, had a very active role at Santa Ana High. Girls' Glee, A Cappella Choir, Debs and Esquires, and Music Appreciation offered many opportunities for students to learn and develop talents in the music field. The choirs and band also presented Christmas and Spring assemblies to the Student Body.

A large portion of the Music Department was represented by the school band, directed by Mr. Robert Ward. This year the largest band in Santa Ana's history had the privilege of marching in the Tournament of Roses Parade. Mr. Ward also directed Santa Ana High's orchestra.

Mr. Ted Gillett headed Santa Ana's Art Department. Courses in many different areas from drawing and design to ceramics and crafts gave an excellent background for the art students. This year students displayed their art work in the art show held for Open House.

Administrative Assistants

Mr. Manuel Penaflor
Assistant to the Principal
in Community Relations

Mr. Manuel Penaflor served his first year in this post acting as liaison between the school and the homes. His job included working in the attendance office to acquaint himself with students who were absent frequently. He made home visits to convince parents of the importance of their child's attendance. Mr. Penaflor worked together with the counselors and teachers in helping students. Through the Educational Opportunities Program, Mr. Penaflor was also able to help get scholarships for deserving students of minority groups.

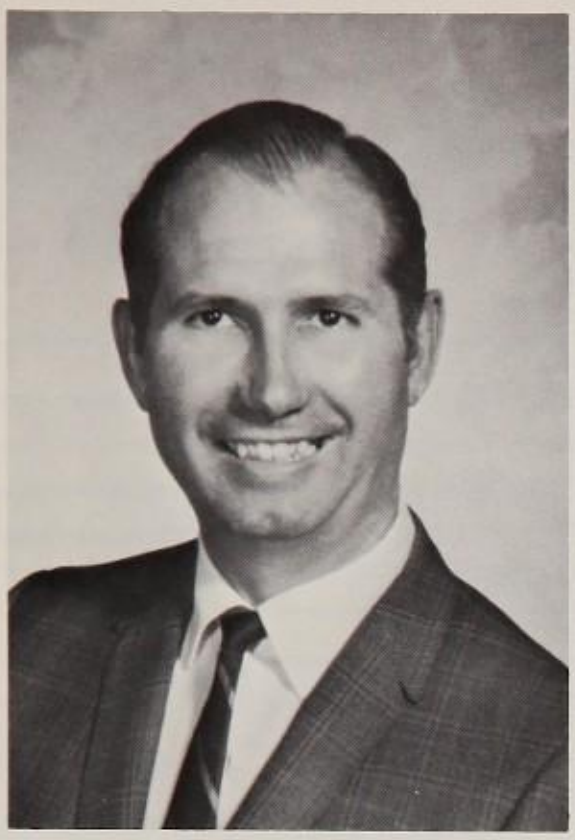
One of the newer additions to the Saint staff is Mr. Kevin Clarke, Security Officer. Mr. Clarke has been at Santa Ana High since January, 1969. He is perhaps better known to students as the "Campus Cop" or "Rent-a-Cop." Mr. Clarke patroled the campus in his modified electric golf cart. He keeps outsiders off campus, checked students leaving campus, and helped to prevent tampering with students' cars.

Mr. Kevin Clarke
Security Officer

Mrs. Kathryn Gillen
School Nurse

The school nurse, Mrs. Kathryn Gillen, gave students assistance with numerous injuries and illnesses. She was aided by student helpers in her office. At the beginning of the year, she had the responsibility of checking the hearing, sight, and physical health of new students.

Work Experience



Mr. John Adams
Work Experience Coordinator

An increasingly important and helpful program to Santa Ana students is the Work Experience Program. Mr. John Adams is teacher-coordinator of the program; Mr. Elwood Schoff heads the elementary education program; Miss Georgia Thielan and Mr. Edsel Collier are in charge of off-campus work experience; and Miss Bertie Stevens heads the on-campus program which includes work in the library and office.

The program provides the student with the rare opportunity to experience a variety of occupations—something they will be unable to do at any other time in their life. The program includes many different businesses and careers and is usually able to suit students and their preferences in careers.

Driver Training

Santa Ana High offered the most complete course in driver training available. The school is privileged in having the only twenty unit driving simulator in the world. This year the department trained approximately 1,800 students, giving them the basic driving instruction and minimal number of training hours required by the state to obtain a license with the hope that the student will continue to practice.

Mr. Young is helping a driver training student in the simulator.

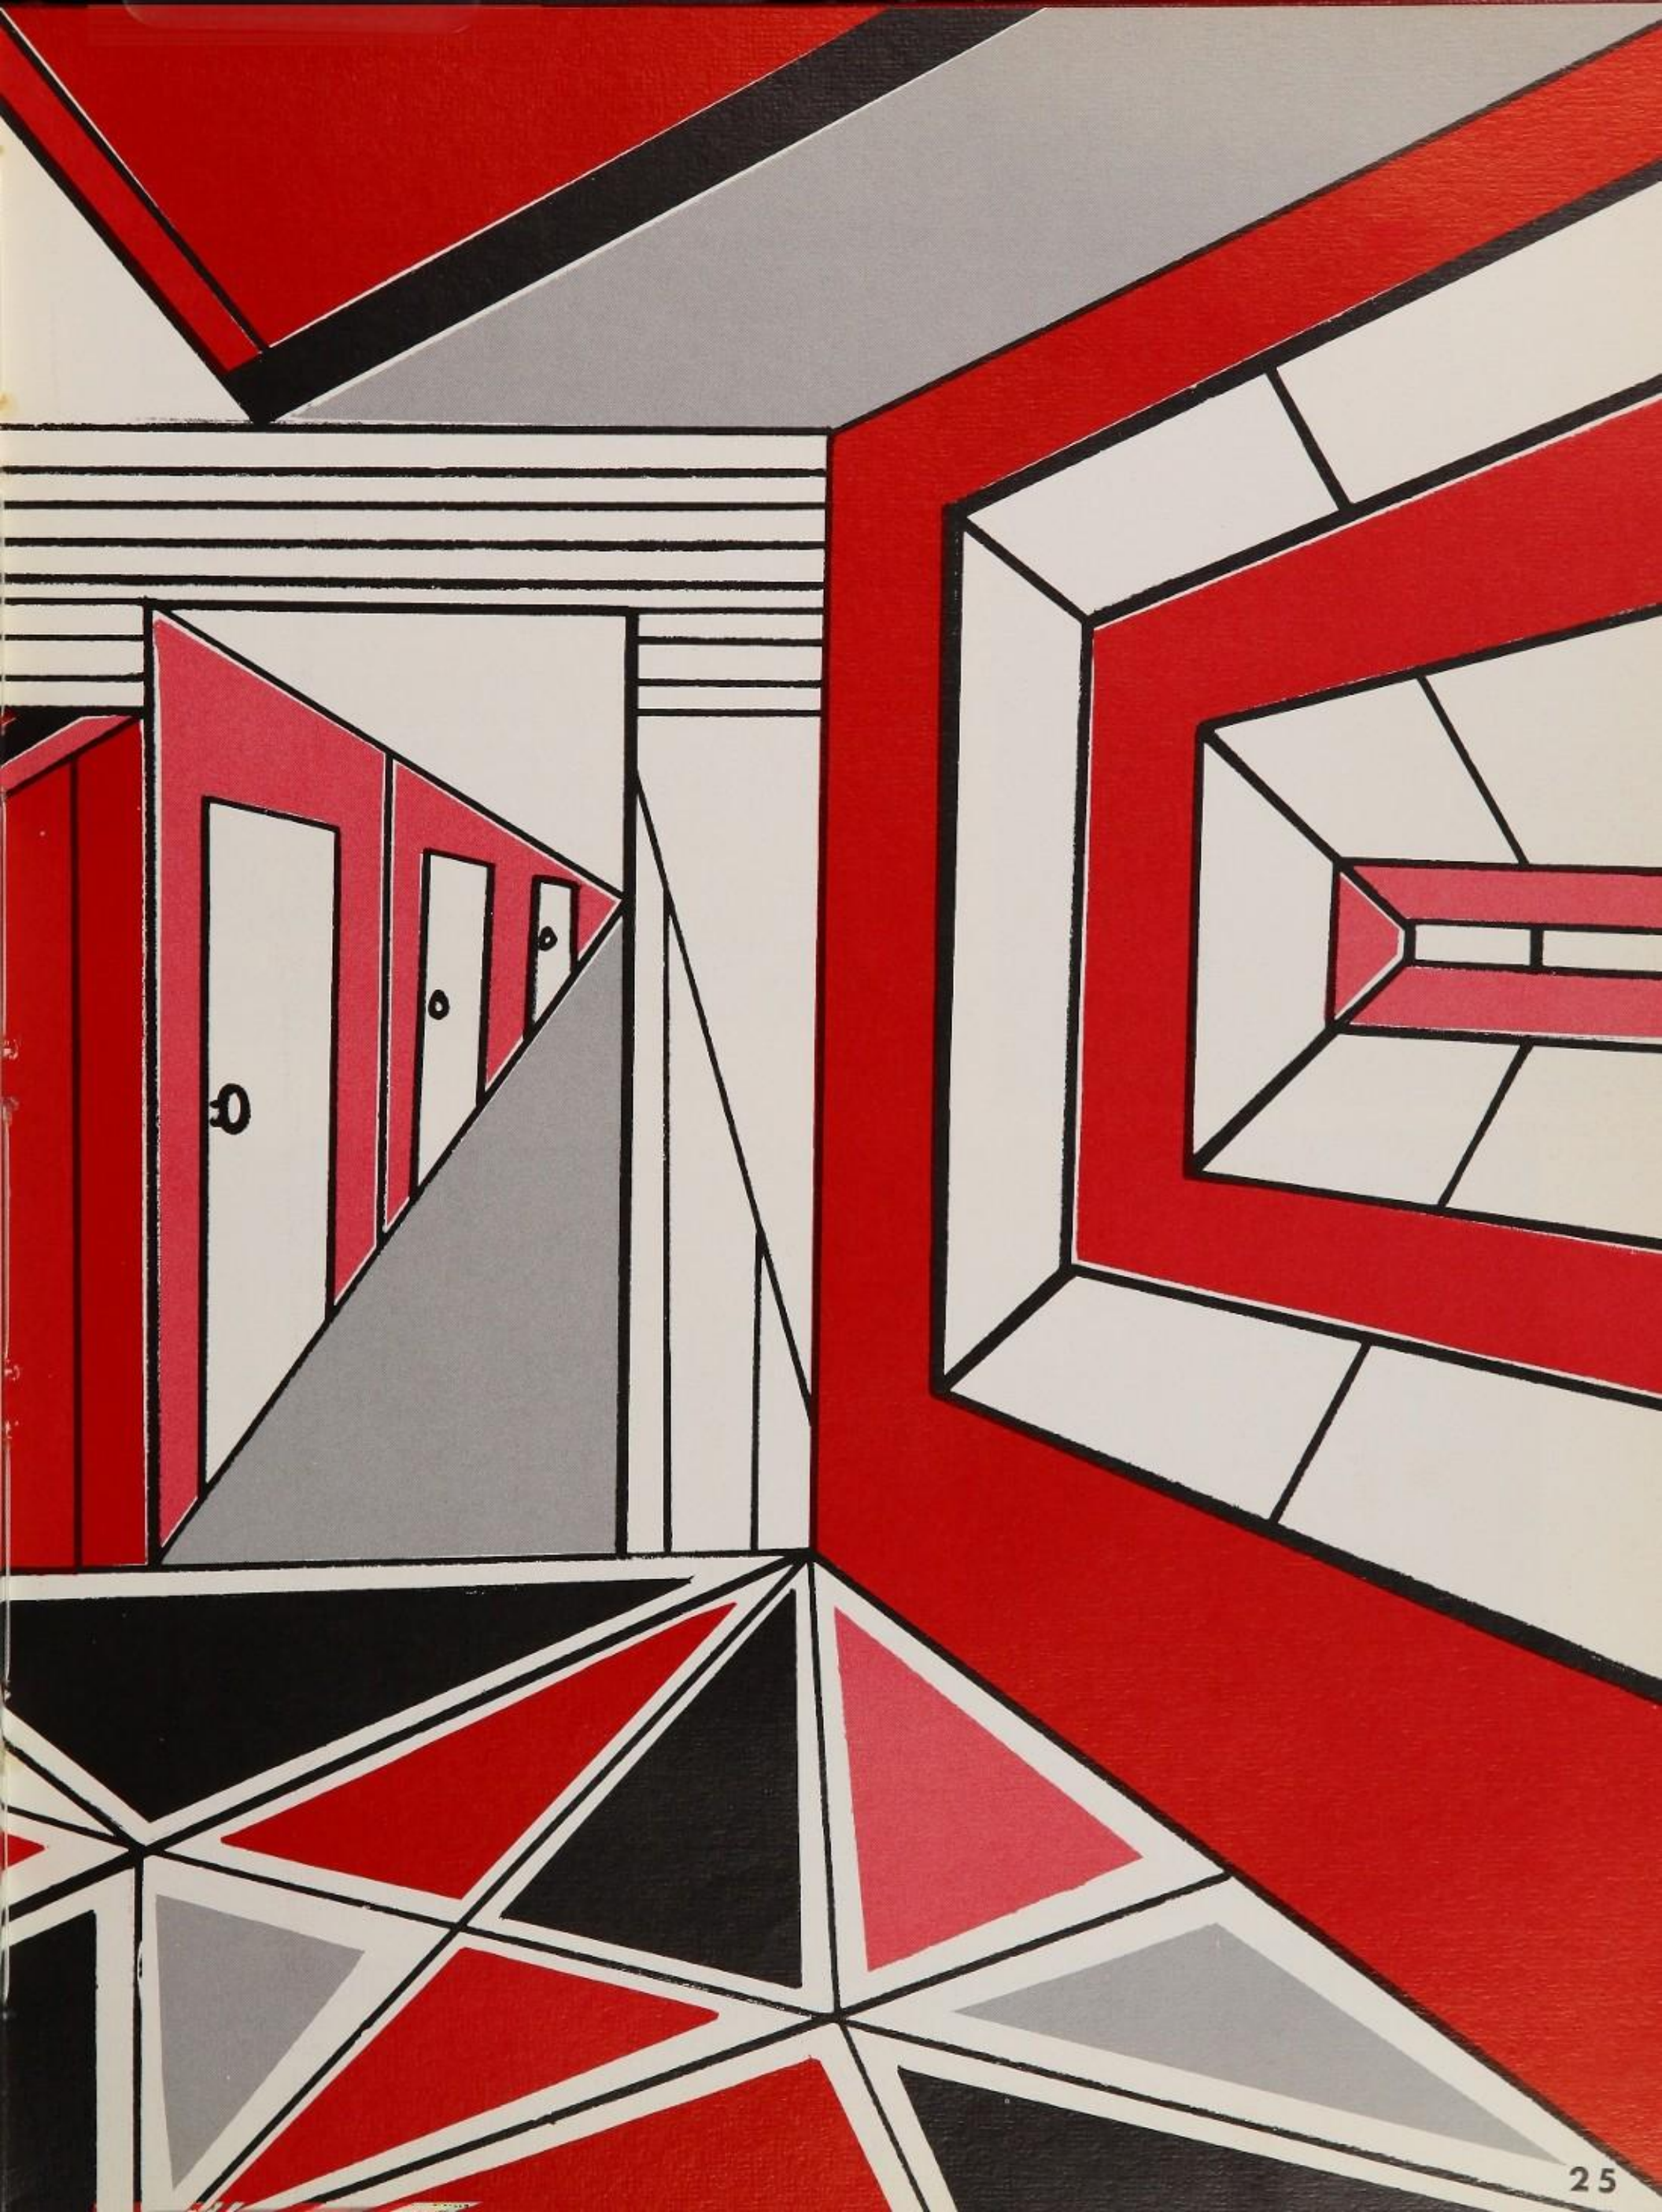
LEADERSHIP



Student

ob Benjamin
Fall ASB
President

It has been my privilege and honor to serve the Santa Ana High School Student Body as President and work with what I feel has been the most productive Board of Control in many years.

Working under the supervision of Mr. Black, the Board enjoyed a profitable and successful first semester. At the beginning of the year the Board had the "Home of the Santa Ana Saints" repainted on the Gym, and had the dress regulations changed for the football and basketball dances. The next project was obtaining more comfortable conditions in the lunch area. With the cooperation of Mr. Colwell and the Board of Education, additional facilities were added over Christmas vacation.

The Board co-ordinated numerous other activities, such as the successful "Slave Sale," the humorous Kangaroo Court at the Homecoming Assembly, the noon dance and a funeral for Western High School during Homecoming.

At the end of the Semester the Board, working with the Spring Board of Control and the Administration, had the school's dress code changed for the remainder of the year. This could not have been possible without the help of the Faculty Council and the Seminars.

Overall, it was an exciting first semester, and I would like to thank the entire student body for the great support they gave me.

LEFT TO RIGHT: Mr. Black, Jeff Forehan, Commissioner of Boys' Athletics; Cathy Cosby, Commissioner of Student Relations; Pat O'Tero, Commissioner of Girls' Athletics; Robin Dexter, Commissioner of Publicity; Carolyn Lowe, Senior Girl; Kolleen Lanb, Commissioner of Finance; Susan Bluff, Girls' League Representative; Lisa Malm, Secretary; and Bob Benjamin, President.

Government

First of all, it is customary and proper that I take this opportunity to thank the student body of Santa Ana High for the rare privilege and honor of being their representative during second semester. In my campaign speech I described student government as a focusing lens for whatever "light" the student body possesses. In striving to bring the less publicized branches of student government to light and to make their functions a little more meaningful, I hope that I have been successful in demonstrating my point. Whenever a traditional event was to be staged, I went to the people who had criticized that event in the past to ask how they would change it. One product of this was our Color Day pep assembly, which, I hope, started a new trend in pep assemblies.

I believe that the student body of Santa Ana High takes more interest in their student government than ever before. Wherever I go, I have found that student government is constantly either being patted on the back or severely criticized. I have tried to keep everyone informed on what is going on in student government through bulletins, posted information, and *Generator* articles.

Finally, I would like to pay special tribute to those faculty members who put up with any inconveniences imposed on them for my administration's sake and to those students whose sarcastic cracks turned out to be sound recommendations for needed changes after all.

Student Relations

In order to achieve an effective student government, the discipline of the student body must be provided by the students themselves. Student Relations is a body of the student government whose purpose is this goal.

The Interclass Council formed an important part of the entire student government, aiding the process of student democracy by representation of the student body. With its members elected from each class, this potentially powerful organ performed its very necessary function.

Honor Society

The Honor Society included those students who earned a 3.4 grade average or better. The group took part in two exchange days with the Honor Society from Loara High School, and in the Spring made its annual excursion to the movies. Due to the increased membership, individual naming was impractical.

Honor Roll

Honor Roll is the largest scholastic organization on campus. Membership is restricted to those students with a B average or better. Due to the enormity of the group, it was infeasible to list the members.

CSF Sealbearers

The CSF Sealbearers are those students who have been members of the Honor Society at least four of the six semesters, one of these times occuring in their Senior year. These students form an outstanding part of Santa Ana High.

Girls' and Boys' State

Chris MacBride

Girls' State, an eight day session in late June at UCD, was devoted to teaching 560 juniors the meaning of government, accomplished by a "learning by doing" process. On arrival, the girls were divided into hypothetical cities and counties, which were parts of the total Girls' State. In these units, the girls went through city, county, and state elections as prescribed by California state laws. It was a week of petitioning, campaigning, and voting.

But this was only the surface of Girls' State. Underneath, it was a week of learning about people. All 560 girls met, worked together, and were free from any kind of prejudice. All the girls at Girls' State were friends. It was truly a perfect week!

Chris MacBride

Dwight Hermans

Boys' State can best be described as a laboratory in political science. It is sponsored by the American Legion. Basically, it is a learning-by-doing process, in which boys have the opportunity to learn about their state governments through instruction and actual participation in a model state government.

There were approximately 840 boys who attended the session held for one week in the state capital following their junior year. The boys were divided into 21 cities (three cities per county) and assigned to one of two political parties, the Whigs and the Federalists. The boys then endeavored to become elected to offices on the party, city, county, and state levels ranging from city clerk to governor of the state.

I found the week very interesting and educational. I would like to thank the American Legion and all those responsible for giving me the opportunity to attend.

American Field Service

Dear Saints,

California! And visions of big surf, huge cities, snowy mountains, great people and Santa Ana. Unbelievable though it sounded, A.F.S. brought me from way down in South Africa to this very place.

I've spent happy weeks and months at S.A.H.S.--met so many new people, made stacks of friends and joined in with the varied and exciting schoolactivities. The gaiety, yelling, colour, tension and excitement of the football games will always remain special memories-- I think the Team is really super! And will I ever forget the crowded halls, pep assemblies, Homecoming, no school uniforms, the Marching Saints and the "Pie-Throwing" Contest!

I've learned so much about both your country and mine. Discussing, thinking, laughing, listening --its been an important aspect of my life in the United States, and has now become part of me.

Perhaps my greatest experience is being able to mix freely with people of different races--to learn with them, have fun together, and talk. I know that this certain feeling will go with me wherever I live; and whatever I do in the future, yours will be with me too.

Met beste werse and with love to you all,

Meg Edkins
The Rectory
Grey High School,
Port Elizabeth, South Africa

Hi Saints!

Can any of you understand what it means when that brown envelope in your mailbox, informs you of the fact that you are going to spend a year in California? Well, it is almost impossible for me to get across what it ment to me. Now that it is almost over I can only be very grateful to A.F.S., for thev were the ones that gave me this chance.

In September, when school starts, you still feel a little strange, everything is so different compared to what you were used to. Especially the first day almost blows your brains out!

But as time goes by, you get more and more friends, you go out and suddenly you have the feeling you are one of "them". By that time football season has already started and trying desperately to understand what is going on, you watch the first few games. When finally it is clear to you, the season is over! And then, that Californian "winter", Walking without a coat in January, while your family in Holland almost freezes to death sure was strange, but I loved it. Last but not least is the wonderful family experience you have. These are just a few of the thousands of impressions I have received. Most of them are hard to put into words. Of course school was the main thing for me here and though I haven't met everybody, the Student Body of S.A.H.S. has made me feel at home around school.

If any of you happen to be in Holland, be sure to come over and visit me, I would love to show you my flat and green country! I'll tell you this; I am proud of being a Saint!
Love to all of you,

Elleke Entzinger

American Field Service

Through its traditional motto, "Walk together, talk together," this international organization enabled several students each year to study abroad and strengthen not only their own foreign relations but also those of the nations involved.

This year, SAHS hosted three foreign exchange students: Meg Edkins from South Africa, Elleke Entzinger from Holland, and Gustavo Marriott - Perez from Ecuador.

Pam Davidson, a junior, left for a year of study and experiences in Argentina early in February.

The club, under president Diana Nelson, initiated many money-raising projects to help finance these opportunities.

Spinsters

This year Spinsters, sponsored by Mrs. LaMain, broke tradition by changing their initiation requirements. The girls decided to eliminate most of the school initiation. This proved to be very successful. The club put much work into the Harvest Ball and its other monthly service projects. Chris MacBride and Linda Higginbottom served as its first and second semester presidents.

Drill Team

Santa Ana High School can be proud of the Drill Team of '69 - '70. These girls helped build school spirit by actively participating in school events this year, under the direction of Mrs. Jennie Hayes, advisor, and co-leaders Evelyn Valdez and Linda Gabbert. The group did a fine job performing in pep rallies and assemblies. The new Friday outfits decked the halls with bright red and white plaid and lit up the stands at away games. In parades throughout the area, they earned the respect of many schools.

Santa Ana opened its 1969 football season in a heartbreaking loss to cross-town-rival, Mater Dei, 6-0. Varsity Track

Santa Ana's varsity track team coached by Earl Engman, was looking forward to a very successful season this year and finishing high in the Sunset League standings.

Backed by excellent sprint depth, Engman felt the Saint team would be the team to beat in league.

Leading the varsity were co-captains Rodger Greer and Jackie White. Other outstanding players were Monte Floyd, Jim Davis, Bob Harrell, Dave Raubinger, John Winstead, Dan Lindsay, and Mark Genet.

On Saturday, March 14, the Varsity and Cee's won the track championship at the Tustin Relays while the Bee's tied for first. This combination gave Santa Ana High the sweepstakes trophy for the fourth time in four years, a record of which we are proud.
